

# PROJECT UPDATE

SEPTEMBER 2023

## Westbound I-94 Exit Ramp to Northbound Moorland Road to Reopen

The Wisconsin Department of Transportation (WisDOT) is underway with improvements to the interchange of I-94 and Moorland Road (County O). The following work is scheduled to take place as part of this project.

### Beginning September 7, 2023:

- The westbound I-94 exit ramp to northbound Moorland Road is scheduled to reopen. Upon its reopening, the ramp will be a two-lane exit controlled by a traffic signal to better manage traffic.
- Carpenter Road at the intersection of Moorland Road is scheduled to reopen to traffic.
- Access to westbound I-94 from northbound Moorland Road is scheduled to close to traffic until late October while crews reconstruct the left turn lanes.
- Access to the I-94 entrance ramps from southbound Moorland Road will be maintained.
- Overnight lane and ramp closures are scheduled during this stage. At least one lane of traffic on Moorland Road is scheduled to be maintained at all times.

*Please note that all work is weather dependent and subject to change.*

### Detour Route:

- To access I-94 westbound from northbound Moorland Road, motorists are encouraged to use Moorland Road, Bluemound Road (US 18), and County JJ. (*see map for more details*)

Access to residences and businesses will be maintained.

*The project team thanks you for your patience and cooperation throughout this project!*
